1-1 Comparison of the Proposed Project and the Current General Plan	1-8
1-2 Summary of Activities Leading to Certification of the City's Housing Element	1-11
1-3 Summary of GPU Steering Committee Workshops Conducted to Date	1-11
1-4 Summary of Draft General Plan Public Workshops and Hearings	1-12
1-5 Example of Biological Resource Impacts and Proposed Mitigation from the Draft EIR for the Proposed Project	1-13
2-1 SACOG's Draft Preferred Blueprint Scenario for the City of Lincoln	2-14
2-2 Comparison of Residential Goals using Lincoln's Densities	2-15
2-3 Projected PCWA Water Supplies	2-23
2-4 Current Water Use for Agricultural Lands in the City of Lincoln Sphere of Influence	2-29
2-5 City of Lincoln Normal Year Water Supplies at Build-Out	2-31
2-6 City of Lincoln Water Supply	2-31
5-20 (Revised) Daily Levels of Service on Study Roadways in Unincorporated Placer County Existing Plus Project Condition	2-61
5-29 (Revised) Daily Levels of Service on Study Roadways in Unincorporated Placer County Cumulative plus Project Condition	2-64

	<u>Page</u>
5-37 (Revised) Daily Levels of Service on Study Roadways in Unincorporated Placer County Cumulative plus Project Condition – without Placer Parkway	2-65
5-45 (Revised) Daily Levels of Service on Study Roadways in Unincorporated Placer County 2025 plus Project Condition	2-66
5-22 (Revised) PM Peak Hour Level of Service at Study Area Intersections in City of Rocklin Existing plus Project Conditions	2-99
5-31 (Revised) PM Peak Hour Level of Service at Study Area Intersections in the City of Rocklin Cumulative plus Project Conditions with Mitigated Transportation Network	2-100
5-39 (Revised) PM Peak Hour Level of Service at Study Area Intersections in the City of Rocklin Cumulative plus Project Conditions without Placer Parkway and with Mitigated Transportation Network	2-103
5-47 (Revised) PM Peak Hour Level of Service at Study Area Intersections in the City of Rocklin 2025 plus Project Conditions without Placer Parkway	2-102
5-24 (Revised) PM Peak Hour Level of Service at Study Area Intersections in City of Roseville Existing plus Project Conditions	2-110
5-33 (Revised) PM Peak Hour Level of Service at Study Area Intersections in the City of Roseville Cumulative plus Project Conditions with Mitigated Transportation Network	2-110
5-41 (Revised) PM Peak Hour Level of Service at Study Area Intersections in the City of Roseville Cumulative plus Project Conditions without Placer Parkway and with Mitigated Transportation Network	2-111
5-49 (Revised) PM Peak Hour Level of Service at Study Area Intersections in the City of Roseville 2025 plus Project Conditions without Placer Parkway	2-112
Q-1 Estimated Daily Traffic Volumes – Additional Roadway Segments in City of Roseville Existing Plus Project Conditions	2-112
Q-2 Estimated Daily Traffic Volumes – Additional Roadway Segments in City of Roseville Cumulative (2050) plus Project Conditions	2-113
Q-3 Estimated Daily Traffic Volumes – Additional Roadway Segments in City of Roseville Cumulative (2050) plus Project without Placer Parkway Conditions	2-113
Q-4 Estimated Daily Traffic Volumes – Additional Roadway Segments in City of Roseville 2025 plus Project Conditions	2-114
4-1 Summary of Public Hearing Attendees	4-1
5-1 Comment Letters Received on the EIR	5-1
5-2 Comment Letters Received on the Recirculated Draft EIR	5-3
5-3 Summary of Public Hearing Attendees	5-4
ES-1 Comparison of the Proposed Project and the Current General Plan	6-2
2-3 Comparison of the Proposed Project and the Current General Plan	6-4
5-5 Existing PM Peak Hour Levels of Service at Study Intersections in Unincorporated Placer County	6-7
5-20 Daily Levels of Service on Study Roadways in Unincorporated Placer County Existing Plus Project Condition	6-9
5-22 PM Peak Hour Level of Service at Study Area Intersections in City of Rocklin Existing Plus Project Conditions	6-10
5-24 PM Peak Hour Level of Service at Study Area Intersections in City of Roseville Existing Plus Project Conditions	6-11
5-29 Daily Levels of Service on Study Roadways in Unincorporated Placer County Cumulative Plus Project Condition	6-12

	<u>Page</u>
5-31 PM Peak Hour Level of Service at Study Area Intersections in the City of Rocklin Cumulative Plus Project Conditions with Mitigated Transportation Network	6-13
5-33 PM Peak Hour Level of Service at Study Area Intersections in the City of Roseville Cumulative Plus Project Conditions with Mitigated Transportation Network	6-14
5-37 Daily Levels of Service on Study Roadways in Unincorporated Placer County Cumulative Plus Project Condition – Without Placer Parkway	6-15
5-39 PM Peak Hour Level of Service at Study Area Intersections in the City of Rocklin Cumulative Plus Project Conditions without Placer Parkway and with Mitigated Transportation Network	6-16
5-41 PM Peak Hour Level of Service at Study Area Intersections in the City of Roseville Cumulative Plus Project Conditions without Placer Parkway and with Mitigated Transportation Network	6-17
5-45 Daily Levels of Service on Study Roadways in Unincorporated Placer County 2025 Plus Project Condition	6-17
5-47 PM Peak Hour Level of Service at Study Area Intersections in the City of Rocklin 2025 Plus Project Conditions without Placer Parkway	6-18
5-49 PM Peak Hour Level of Service at Study Area Intersections in the City of Roseville 2025 Plus Project Conditions without Placer Parkway	6-19
10-2 Summary of Key Components for Each Alternative	6-22
