SERVICE AGREEMENT

The City of Lincoln will charge a twelve dollar (\$12.00) processing fee to set up your account. This amount will reflect on your first billing.

Customer agrees to pay all utility charges in a timely manner. Charges for service are due the first day of the month following the month in which the service is provided and become delinquent the next calendar day. Delinquent accounts will be assessed a charge of \$1.00 upon mailing of notice and an additional charge of \$7.25 will be assessed if a door tag delinquent notification is required.

In the event of non-payment utility service will be terminated. Customer will be required to pay a service charge of \$25.00 - \$70.00 in addition to the full account balance before service is restored.

Bills may be sent to the service address in care of the tenant as a service to the customer, but the account will remain in the owner's name. **In all cases the property owner bears the risk of non-payment by the tenant. In the event payment is not made, the property owner is responsible for any unpaid balance on the account and all service charges if service is terminated for non-payment.** At its option, the City of Lincoln may place a lien on the property for all amounts owed.
